We, *the people of Blessed Trinity Parish*, come from diverse backgrounds and *are working together* to learn, live and spread the Roman Catholic Faith. *We support one another on this journey of faith* by studying the Gospel, celebrating the sacraments, especially the Eucharist, and nurturing the spiritual growth of all. Our pledge is *to consistently strive to build an ever-stronger parish family* where the word of God is proclaimed, studied, and integrated into daily living, where we worship in prayer and in sacrament the presence of God in our midst, and where *we witness the Gospel through our actions* of care and concern for the needs of those around us.

From the Desk of Father Walter:  
My Dear People,

You often hear Father Tedesche and me tell you how the seven Sacraments are powerful. Or, in the words of one of my wise professors from seminary, “The Sacraments do something!” One of the Sacraments which gets little attention, but which we will all need at some point, is the Sacrament of the Anointing of the Sick, sometimes referred to as “Last Rites”. As a priest, I have been called many times to the bedside of a sick or dying person and realize how important it is that all of us take advantage of this holy anointing when needed.

First, we remember what a Sacrament is in general. A classic definition is that each Sacrament is an outward sign, instituted by Christ Himself, which brings God’s grace. Each of these elements is essential. Every Sacrament has an exterior reality which acts as a sign of an interior, or spiritual change that is taking place. Next, we see that each Sacrament was given to the Church by Jesus Himself, to help us both live well and get to heaven. Above all, the Sacraments give God’s grace by the very fact that they are administered. Even if the priest is not holy, if he does what the Church requires for each Sacrament, God will give His grace and help, He has promised to do so.

Christ walked the earth 2,000 years ago and worked miracles, healing people and forgiving their sins. He is still working, healing, and helping in every Sacrament, but now He is “hidden” by sacred signs and ceremonies. But just as Christ required faith in every person He healed or helped, for us to get or receive God’s power and grace in the Sacraments, we need to believe that He is there and be open to His power. The Sacraments are not magic. If we are to encounter Christ in them, we must choose to do so. He has promised He will be there to meet us, but we have to recognize His action.

The Anointing of the Sick has a twofold purpose: it can help heal the body if that is God’s will, but it especially heals the soul and forgives sin. It gives strength to bear the sufferings from sickness and unite them to Jesus’ sufferings. While this Sacrament is not only for those close to death, it is nonetheless very important to call a priest as soon as possible if someone is seriously ill. Many people wait until the last minute, when the person is no longer conscious. This is certainly better than nothing, but it is preferable if the person can be aware of what’s happening. However, God can work in the soul of the person even if the body seems unresponsive.

Miracles are still happening, and I see them often as a priest! I have seen healing of the body, and ever more stupendous healing of the soul. We shouldn’t be surprised. Jesus promised it, and surely, He keeps His word!

Fr. Walter
